

MONTESSORI
KIDS UNIVERSE™

(908) 336-1211

AROUND THE WORLD

As summer approaches, Montessori Kids Universe of Hillsborough School is preparing for summer fun! Our students will take a voyage around the world. They will be given the opportunity to explore each culture through hands on provocations, sensory experiences, science, art engineering and more!

Our Summer Program includes:

- Science
- Technology
- Art
- Engineering
- Mathematics
- Geography
- History
- Special Guests
- Outside fun and trips

Every book, sensory activity, math challenge, and piece of art serves to immerse each student into cultures found around the world.

Each student will have an individual passport that will be stamped with each new country we explore!
